

Note: Periphyton tissue concentrations in mg/kg (dw) = milligrams per kilogram (dry weight).
 Impacted = Sample locations include Emory River miles 4.0, 2.5, and 1.0, and Clinch River miles 3.5 and 1.5.
 Reference = Sample locations include Emory River mile 6.0 and Clinch River miles 5.5 to 6.0.

Note: Periphyton tissue concentrations in mg/kg (dw) = milligrams per kilogram (dry weight).
 Impacted = Sample locations include Emory River miles 4.0, 2.5, and 1.0, and Clinch River miles 3.5 and 1.5.
 Reference = Sample locations include Emory River mile 6.0 and Clinch River miles 5.5 to 6.0.
