

Time-Critical Concurrence

Area: East of Dike 2, North Point and Road to East Embayment
Agreement: Ash removal activities have been completed at the north point and on the road known as Bob Summers Road (just to the East Embayment). Completion is documented by photographic evidence. The photos attach show the north point looking from the north to the south, the area between the north point and the trailer support zone looking to the west, the area between the north point and the trailer support zone looking north from the north point, and the north point looking to the east. This photographic evidence plus a walkdown by TVA, EPA, and TDEC in which verbal agreement of completion was given is the evidence for completion of this area. Attachments: Figure 1, North Point Ash Removal Area, dated 6/21/10 Photos dated June 18, 2010 of the noted area
