Dear Mr. Zeller:

Please find enclosed the Kingston Fly Ash Recovery Project Non-Time-Critical Removal Action Embayment/ Dredge Cell Engineering Evaluation/Cost Analysis (EE/CA) Report which will be available for public comment beginning on January 19th, 2009, for a period of 30 days. This document has been prepared in such a manner as to comply with the EE/CA work plan.

The enclosed plan is one of two planned EE/CA's which will fulfill the requirements of Section IX, paragraph 30 of the Administrative Order and Agreement on Consent. Please contact me if you have any questions.

Sincerely,

A handwritten signature in black ink that reads 'Anda A. Ray' in a cursive script.
