Regional Energy Resource Council (RERC)

May 2, 2016

Webinar

welcome

Meeting Purpose

- Share information about the potential sale of Bellefonte Nuclear Plant Site
- Share information on public comments received
- Host RERC discussion

About Today's Meeting

- This a Webinar Meeting.
- **Members of the public** attending this session are in listen-only mode.
- **RERC Members** can mute and unmute themselves to be able to speak. Please keep your phone muted until you wish to speak.
- RERC Members please mute your computer's audio to avoid sound duplication.
- A Roll Call will be used to gather comments from RERC Members.
- Meeting Materials and Minutes will be posted on the TVA website.
- Questions or comments from the general public will not be accepted during the webinar; however, written comments are welcomed.
  - Send RERC comments to: bakeel@tva.gov
- RERC website: www.tva.gov/RERC

RERC Meeting Protocols

Agenda

- Agenda prepared and approved by the Designated Federal Officer (DFO) in consultation with Council Chair
- Agenda distributed to Council and published in the Federal Register prior to each meeting
- Topics may be submitted to the DFO by any member of the Council, or non-members, including members of the public

Meeting Minutes

- DFO will ensure that minutes are prepared for each meeting, approved by the Chair, and made available to Council members

Voting

- Any member of the Council may make a motion for a vote
- Recommendations to TVA Board shall require an affirmative vote of at least a simple majority of the total Council members present on that date
- Council members may include minority or dissenting views

Discussion

- DFO (or his designee) will facilitate and ensure good order during all open discussions
- Only one speaker or attendee is permitted to comment at a time
- To be recognized by the Chair (or meeting facilitator) in order to provide comment, please turn your name card on its side

Term 2 RERC Members – Roll Call

Lance Brown
Partnership for Affordable Clean Energy

Anne Davis
Southern Environmental Law Center

11:10 - 11:50	Q&A and RERC Discussion	Jo Anne Lavender and Council
11:50 - 12:00	Next Steps and Webinar Wrap up	

Bellefonte Nuclear Plant

Joe Hoagland, Designated Federal Officer

Bellefonte Nuclear Plant

1,600 Acre Peninsula

On Guntersville Reservoir, near Hollywood, AL

Sell or retain – what is in the public's best interest?

https://tva.com/Newsroom/Bellefonte

Bellefonte Nuclear Plant

Feb. 12, 2016 TVA withdrew combined license application for Bellefonte Units 3 and 4

2015 Integrated Resource Plan – No new baseload needed for the next 20 years.

Public comment period ended March 18

Comments posted April 21

Bellefonte Nuclear Plant

Next steps include:

- Seeking a Board decision
- Any sale would be conducted through a public auction open to only qualified bidders.
- The extensive environmental review record for use of the BLN site may have to be supplemented and this likely would involve additional public input.

RERC Q&A

RERC Individual Comments / Alphabetical Order:

1. Should TVA Sell or Retain Bellefonte Nuclear Plant?
2. If TVA sold, what values should TVA consider with respect to the purchaser?
