Success Generator

Charles T. (Chuck) Marquis believes, “Success in economic development demands getting better every day. I hear professional athletes say after almost every game, win or lose, ‘We just have to get better.’ If it’s true for the best ballplayers in the world, it has to be true for me.”

Chuck is an economic development professional with over 20 years’ experience in economic development and commercial real estate. He joined TVA in 2003 and works to foster and sustain job growth in the Valley.

In his current position as a regional development specialist for 12 counties in West Tennessee, Marquis works with local power companies, community leaders, and state and regional economic development partners to foster and sustain job growth.

At TVA, Marquis has previously worked as the project manager for Consumer Connection and as a target market specialist for Life Sciences and Emerging Technologies. Prior to joining TVA, he served as vice president of economic development for the Memphis Chamber of Commerce, assisting new and expanding companies in the region.

Marquis earned a bachelor’s degree in economics from Belmont University in Nashville and a master’s in economics from the University of Tennessee-Knoxville. He holds the Certified Commercial Investment Member (CCIM) designation.

He and his wife Sandra have one child and reside in Memphis.
