

# Electric Forklift Program

**YOUR CUSTOMERS CAN EARN INCENTIVES**

Tennessee Valley Authority (TVA) incentivizes the replacement of internal combustion forklifts to electric powered forklifts. Incentives are available for a limited time for the replacement of internal combustion forklifts with electric powered forklifts. Participants can receive \$2,000 per replaced forklift when they make the switch.

## What is the Electric Forklift Program?

TVA's EnergyRight® Solutions Electric Forklift Program will provide a \$2,000 per forklift incentive to replace internal combustion Class 4 (cushion tire) and Class 5 (pneumatic tire) forklifts to electric-powered Class 1 (counterbalance) or Class 2 (narrow aisle) forklifts.

## Who is Eligible?

All TVA Local Power Company (LPC) customers, Directly-Served Industrial (DSI) customers and LPC-served end-use customers are eligible. The following qualifying criteria apply:

- Participant must replace their existing Class 4 or Class 5 forklift with the purchase or lease of a new Class 1 or Class 2 forklift.
- The internal combustion forklift must be discontinued from use at participant site.
- The new electric forklift must remain operational at the site for at least five years.
