

Green Power Providers Project Process Flow for “New Participation Agreement” Application

Timeline: Reference numbers on flow chart.

1) The Local Power Company will have **90 Calendar Days** to approve (or reject the CRR). Once 90 days have passed, the request will automatically expire and be rejected.

2) From the time the PAR is generated, the Applicant, the System Owner (if applicable), and the LPC will have **75 Business Days TOTAL** to review and submit the PAR to TVA.

3) The SAF must be submitted by the Installer and Approved by the LPC **within 180 Calendar Days** from the time the Participation Agreement is generated.

Note: TVA Review and Approval for each stage may take up to 20 Business Days.
